

# Statement of Limited Warranty

---

IMI Hydronic Engineering Inc., supplies products to you which may be used by you or others in consumer product applications. We wish to inform you of the scope of our warranty statement which is listed below. Because of its limitations and exclusions, our warranty must be designated a “limited” warranty for purposes of potential consumer uses of our products.

- 24 months - Pressure Independent and Pressure Stabilization
- 36 months - Hoses and Components
- 60 months - Brass/Steel products unless otherwise specified

(All others please consult factory)

Some states do not allow limitations on how long implied warranty lasts, so the above limitations may not apply to you. Upon satisfactory proof of claim, we will, within a reasonable amount of time, make any necessary repairs, additions or corrections or, at our option, replace any defective parts free of charge. IMI Hydronic Engineering is not responsible for field labor to remove defective products and/or reinstall replacement products.

*The products, texts, photographs, graphics and diagrams in this document may be subject to alteration by IMI Hydronic Engineering without prior notice or reasons being given. For the most up to date information about our products and specifications, please visit [www.flowdesign.com](http://www.flowdesign.com).*
